The WordParts feedback approach eases any concerns about what your student does or doesn't know.

The process is simple:

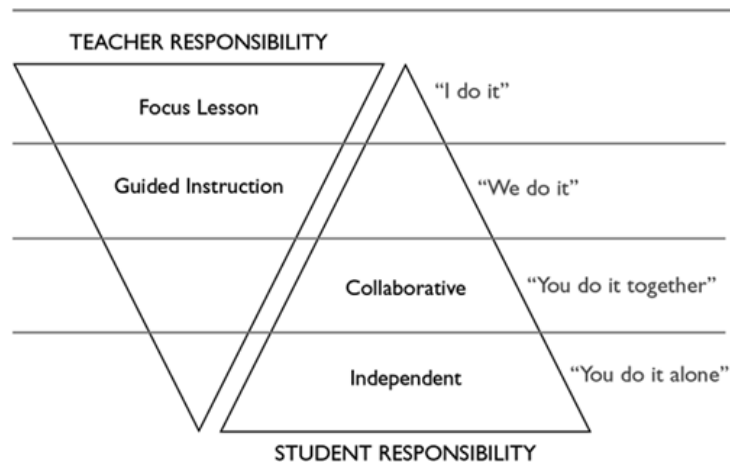

- Student take the placement test.
- From the results, a structured lesson plan is determined.
- Students perform lessons and quizzes to develop needed skills.
- Students take the assessment test – graduate to the next level!!!

WORDPARTS FEEDBACK SYSTEM

USING WORDPARTS

- ✗ WordParts fits the traditional I do, We do, You do instructional model.

- ✗ Each step the student takes is consistent and provides added reinforcement of the lesson content.

CURRICULUM

- ✖ Takes the abstract concept of grammar and turns it into something concrete that students can get their hands on.
- ✖ Follows a building block approach and unfolds grammar in a logical progression which builds from one topic to another.
- ✖ Benchmarks directly and effectively supports The Common CORE State Standards (CCSS).
- ✖ Makes teaching grammar easy and fun for instructors and students.

PART OF SPEECH (POS) SHAPES

- Used for demonstrations and hands-on activities.
 - Innovative
 - Exciting
 - Supports kinesthetic learning
 - Reinforce cognitive skills
